## EDMONTON PLUMBERS WIN.

At Peterson's rink last night there was an exciting hockey contest between the Edmonton and Strathcona plumbers, resulting in a victory for the boys from the Capital by a score of 3 to 1. The line-up was as follows:

Allen, Hamilton, McGaughey, Hazard, Smart, Brownlee, Grady, Tott, McCaul, O'Inker, Souter, Leniran, Forgan, Shaw, Strathcona.

Before—Purdy, Judge of play—McLeod, Goal umpire—Hosch, of Edmonton, and Rogers of Strathcona.

Timers—Kemp, Edmonton, and Purdy, Strathcona.

In the first half no goals were scored, but in the second Hazard, McCaul, and Smart scored for Edmonton, while Leniran netted once for Strathcona. After the game the home team gave the Edmonton boys a crystal supper at the Dominion hotel.

## BACK FROM INNISFAIR.

After a very enjoyable holiday the rink of Strathcona curlers who went to Innisfair returned home last night with one prize, as the result of their trip. There were three competitions and in the Grand Challenge cup contest Strathcona got down to the semi-finals, being defeated by Skip Palmer of Calgary. The Strathcona rink was skipped by J. M. Douglas and was composed of R. P. Miller, third; O'Donnell, second; J. B. Miller, third; and R. B. Douglas, skip.

There were thirteen rink in attendance, three from Calgary, six from Innisfair and one each from Strathcona, Wetaskinaw, Red Deer and Lacombe. A number of games were played during the lake nearly the town, where there were two sheets of ice in addition to the two in the rink itself.

## LOCALS.

The tie between Jack Kitchen and F. Bowles in the Lord Strathcona cup series, was played yesterday afternoon and resulted in a victory for Bowles, with a score of 11 to 10. The winner now plays J. B. Miller, who drew a bye, the concluding game of the series.

conflict with any work undertaken by the Alberta Government in any measure now before the House.

Under this Act now for a second year work may be proceeded with on drains and ditches, and the procedure has been made as simple as possible. A considerable portion of the land retained may be Dominion land, and it seems that the Government only fair that such land retained might be turned over to the province or the receipts for sale of these lands might be given toward the expense of the drainage work.

The Minister of the Interior assured the government he was willing to deal with cases of this kind in any instance where it was suitable, and places where it was impossible to improve the roads until the work had been done.

In regard to work of this kind previously done in the province, Mr. Cushing stated that the drainage work begun by the Government in 1924 had only been completed last year. Nothing since then had been done, as the Federal government did not feel it had the necessary power to assess such lands to meet the expenses of the work. This would now be attended to by the government of the province.

The bill comes up in committee of the whole on Saturday.

**Red Deer Petition.**  
The petition presented by John T. Moore from the Red Deer branch of the Alberta Farmers' association yesterday, endorsed the report of the stock commission and submitted the following recommendations thereon, petitioning that the same might be concurred in by the House:

As to finding No. 3 of the commission: "That the government assist in the erection of one pork packing plant to be located between Calgary and Edmonton and that they take over the entire management of the concern."

The meeting endorses the same with the recommendation that the pork packing plant should be located at Red Deer.

As to finding No. 5 of the commission: "That we do not deem it wise that the government take any active steps in the matter of a cattle brand."

The meeting goes to state its belief that the government would be amply justified in taking immediate action in the matter of a beef packing plant to be operated in connection with the pork packing plant.

As to finding No. 7 of the commission: "That legislation be enacted that will protect the animal from unnecessary cruelty in the slaughter house and that it be made compulsory for all animals to be shot in the head."

The meeting endorses the same.

As to finding No. 8 of the commission: "That the railway companies be asked to compare the C. P. R. company to run a weekly schedule stock train from this town to have right of way for passenger trains and that its rate of speed be at least twenty miles an hour, not including the time cattle are unloading for feeding."

The meeting endorses the finding of the commission.

by hundreds of pedestrians who will appreciate the clean sidewalks.

Today's daily express from the south has been delayed over four hours from the west two weeks. The train has been held at Calgary to await the arrival of the delayed transcontinental.

Last night's game at the Strathcona curling rink in the October cup series were watched by a large number of spectators, including several ladies. A. J. McLean defeated E. T. Barnes by a score of 11 to 10 and W. G. Congdon defeated Geo. Thompson by a score of 11 to 6.

The death took place yesterday at the Strathcona Public hospital of a German named August Seckan, who has been ill for some time.

Yesterday forenoon the people of the higher standards of the city schools were given a lecture on seeds at the government seed train. The lecture dealt with wheat, oats and weeds. Samples of each were passed around and the lecturer also exhibited samples of the various weeds of the province.

Rev. Dr. Daly, of Wetaskinaw, will preach next Sunday at the opening services of the location of the new Methodist church.

The machine has been removed from the Commercial hotel and it is open to business as usual. The post box was removed some time ago to the location office.

Frank Woods, employed in the Windsor hotel, had a painful accident yesterday afternoon which will lay him up for several months. He and another man had been wrestling together naturally when Woods caught his foot and for this he was sent to the hospital.

An adjourned meeting of the Strathcona city council was held last night and the full board were in session for several hours in consideration of the estimates for the year. The work had not been finished at the hour of adjournment.

The resignation of the late H. K. Brington was shipped by this morning's train. He had not been in good health for some time, having suffered from tubercular trouble during the week it was found necessary to perform his duties at the hospital. Mr. Brington failed to rally after the operation, and passed away on Wednesday evening. Dr. C. Brington came up from British on hearing of his brother-in-law's death, and will return with the train.

As to finding No. 9 of the commission: "That it be made compulsory for the shipper to unload his cattle every 48 hours, and further that it be made unlawful for any company to carry stock longer than 48 hours without that it is unloaded."

The meeting endorses the finding of the commission.

As to finding No. 10 of the commission: "That all complaints against the C. P. R. be taken up with the railway commission and further that the railroads be required to provide the evidence which has been introduced to the C. P. R. offices in Winnipeg, be forwarded to the railway commission and that it be asked to remedy the several grievances which are set forth therein."

The meeting endorses this finding.

As to finding No. 11 of the commission: "That the time which cattle may be held in the old country before slaughtering be increased to six months."

The meeting endorses the same.

As to finding No. 12 of the commission: "That the government appoint a live stock commissioner, whose chief business it would be to attend to the marketing of Alberta cattle, and that he be paid a regular salary by the government and that the government impose a uniform tax on all shippers according to the number of animals shipped by the said commission."

The meeting endorses this finding with this addition: "That we believe the live stock commissioner should be a man whose primary duty should be to compete and converse with all the conditions in connection with the successful shipping of stock, and that he should furnish such information to farmers and small shippers as will enable them to classify and forward their stock or shipment."

As to finding No. 13 of the commission: "That our investigation into the chilled meat trade has not been sufficient to warrant us making any recommendations, and that we respectfully ask your consideration upon the advisability of further investigation in this matter."

The meeting desires in regard to the final opinion of the commission to emphasize our appreciation of their recommendation, "that further investigation be made" into the conditions surrounding the shipping of export cattle, and the killing and marketing of the same in the old country; and especially into the chilled meat trade, believing as we do that this is the ultimate solution of the difficulties surrounding the beef trade.

As to finding No. 14 of the commission: "That we have not found that there exists or has existed any commission in restraint of or affecting trade in cattle, sheep, hogs or any or all of them, in the province or elsewhere, such as an undue burden or the provisions of the criminal code of Canada."

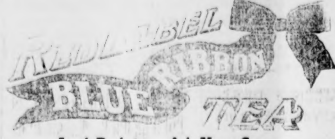

In reference to this clause the meeting says that while there may not be any commission in restraint of trade, proven, such as would infringe on the combination exists in effect, and we believe it to be the duty of the government to take action in connection with the packing and canning sales and other matters, and to make the possibility of such combinations impossible.

As to finding No. 16 of the commission: "That cattle should be bought and sold without check."

The meeting endorses the finding of the commission.

## Tea Money Well Spent

The meeting endorses this finding.

As to finding No. 17 of the commission: "That the brand inspection system now in vogue is worthless and we, therefore, recommend that all brand inspectors be dispensed with, and that the shipper of stock be asked to furnish the transportation company with an affidavit as to the number of animals in his shipment."

The meeting endorses this finding.

As to finding No. 18 of the commission: "That the present hide inspection law be most rigidly enforced. The meeting endorses the finding of the commission.

FOR  
ECONOMY

**LAST CHANCE!****LAST CALL!****WAGAR BROS.'  
ENTIRE \$30,000 STOCK****DOOMED!****by the BUYERS SYNDICATE OF WINNIPEG, MAN.****IMPORTANT NOTICE**

Never before have the people of Edmonton and surrounding country had such an opportunity to supply their spring and winter needs at such a fraction of their former values, and it is evident from the multitudes that have thronged our store that the people appreciate a genuine bargain when offered, and that is our one aim. In our last circular we promised much, but since some lines are broken we are forced once more to apply the keen edged cutting knife, so down! down!! down!!! and prices take the dust. Think what this means: new, clear merchandise slaughtered regardless of manufacturer's cost and nothing reserved; everything must be sold, and our time to do it is limited. **MY ORDERS ARE: GET THE GOODS OUT, IT'S MONEY WE WANT.**

**A HEART TO HEART TALK AND  
PRICES DOWN TO LOWEST LIMIT**

On account of the limited time to obtain the required amount of money I have been instructed by the parties interested to get the goods out regardless of cost. You will be justified in driving many miles, leaving, no matter what kind of business, to take advantage of this great sale. **MONEY SAVED IS MONEY EARNED;** and it is the duty of every person to save money. **THESE WELL KNOWN AND POPULAR MERCHANTS' GOODS ARE FORCED ON THE MARKET** almost at the mercy of the buyer. Their great loss is your gain. We have endeavored to lay this matter before you as plain as possible in order that some of the more sceptical ones will not be left behind during the rush which will occur in from forty miles around. So join the throng of merry shoppers and let your eyes be your judge, your pocketbook your guide, and your money the last thing you part with unless you spend it at **WAGAR BROTHERS' store** during this great slaughter sale of their stock.

**JUST RECEIVED** One Thousand Dollars' worth of goods that was on back order, consisting of Underwear, Boots and Shoes, Hosiery, Handkerchiefs, Gloves, Suspenders, Collar Buttons, etc., and all will be sold at manufacturers' cost. Remember this sale will last only a few days more, so anticipate your wants and buy now as you will not soon buy as cheap again. Positively every purchase is backed by our reliable guarantee or your money cheerfully refunded. Lead the grand march to Waggar Bros.' Mammoth Closing Out Sale.
